

Winnie-the-Blue ARPH # 11370 (Vermont) Winnie is extraordinary! She is a confident, strong, playful, sweet, sensitive, smart and very adaptable. Winnie has been with the same foster family for over a year, and since have they moved into their new house in the country Winnie has settled in beautifully! She is relaxed and is thriving and happy.

Winnie is a large, spayed blue merle female. She shines with positive attention & she loves just about everything – taking walks, going for runs, swimming in the river, playing with toys, being groomed, laying at your side and she especially loves cuddling...she is a master snuggler! Winnie will do best as the only dog in the home; dog savvy cats are fine by Winnie.

Winnie is blind... but you would hardly even know that! She navigates her world beautifully! Her sense of sound & smell are strong and this helps her figure out where & what things are. She will do best in a calm quiet environment with a patient yet firm owner. Winnie needs a home that can give her consistent moderate exercise.

If you think you are able to share your home with this beautiful Aussie please visit www.aussierescue.org to fill out an application. Local contact is Michelle discoforce@yahoo.com
